Decentralizing Proof of Employment

Problem: Mistrust in qualifications

Solution: Program dApp to relieve burdens of...

1. Time
2. Cost
3. Data Stewardship

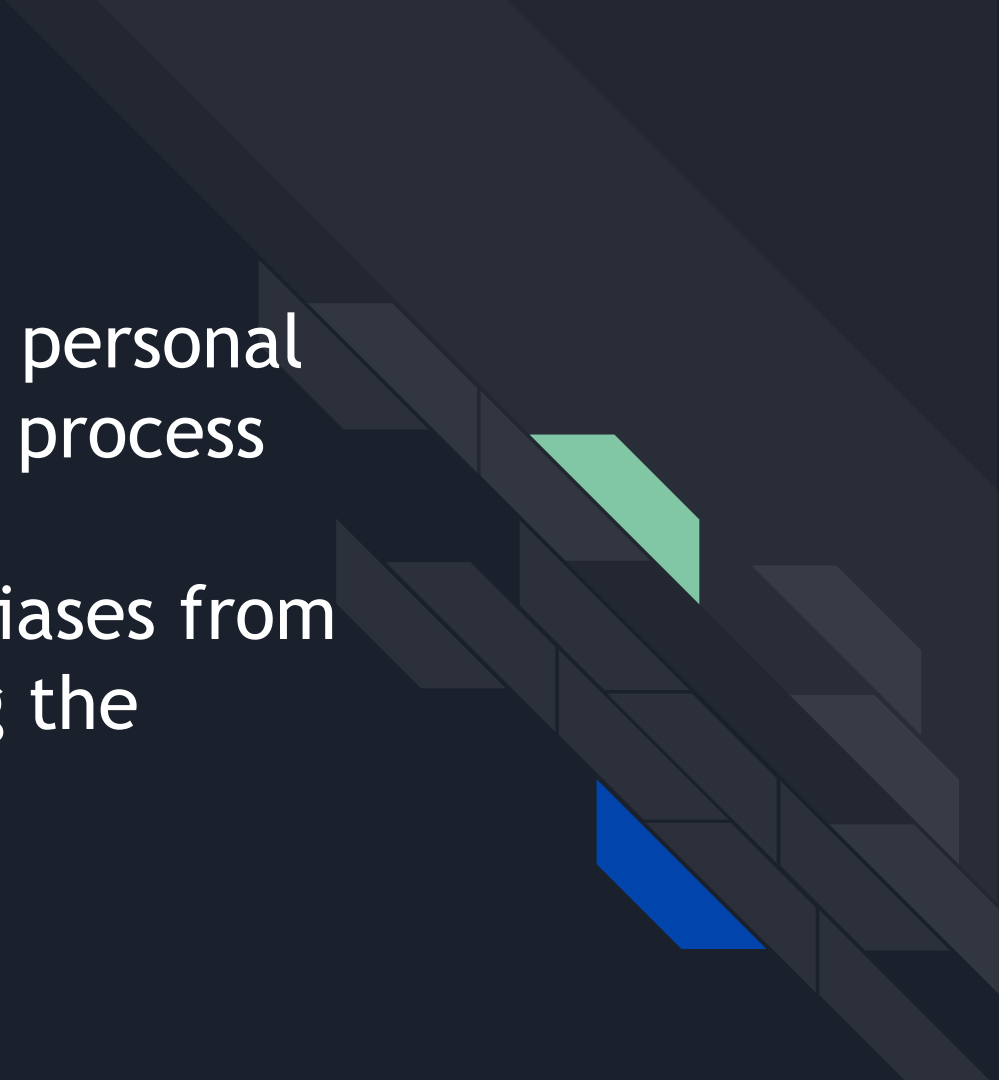

A blue parallelogram and a light green parallelogram are positioned in the upper-left corner of the slide. The blue shape is partially behind the green one. Both shapes are tilted diagonally. The background is a dark navy blue with faint, lighter blue diagonal stripes.

How does this make
the world better?

Removes over-sharing personal
data in the candidacy process

Thus, lessens unfair biases from
occurring early during the
talent search

An abstract geometric graphic on the right side of the slide. It features a series of dark gray, three-dimensional rectangular blocks arranged in a descending staircase pattern from the top right towards the bottom right. Two blocks in this sequence are highlighted: one is a light green color and the other is a bright blue color, both appearing to float slightly above the others.

Talent is in control of how much information to share

Womxn workers

Datapoint: Full name

Bias: Marital Status, Gender

International workers

Datapoint: SSN

Bias: Documented work status

Other datapoints that risk biases

Sick pay (W2 request)

Incarceration (background request)
